CONSTRUCTION

PART	STOCK	PRINT AND FINISH
Front cover page 1 outside, page 2 inside	300 GSM art card (C2S)	4/4 CMYK. Back page 2 head-to-foot (work-and-tumble), so it reads upright when the cover is flipped up over the glued head. Matt BOPP lamination on the outside. Crease 10 mm from the head.
Leaves page 3, 100 per pad	70 GSM maplitho (JK, Century or TNPL)	2/0: PMS 186 U + Black. Red = header rule, Rx symbol, courtesy line. Everything per doctor sits on the black plate, so one red shell can be printed for all doctors. No bleed.
Back page 4 outside	130–170 GSM art paper pasted on 1.2–1.5 mm greyboard (or 300–350 GSM board on greyboard)	4/0 CMYK. Matt BOPP lamination.
Binding	Padding gum at the head; top 10 mm of each leaf is blank for the gum. No perforation. Trim 3 sides to 148 x 210 mm after padding. If binding tape is added, tell IDMA first: pages 2 and 4 then need 12 mm clear at the head.
